Our tailoring, cleaning and pressing always at your service. Phone 214.

## Garner & Hinson,

Haberdashers and Tailors.

#### Contagious Diseases

##### During November.

Nobody knows what it means to have a sick child like the mother; therefore, I am asking the mothers of this county, especially, to co-operate with me, their county quarantine officer, and by all working together, to keep down those preventable diseases like whooping cough, measles, scarlet fever and diphtheria, as far as is possible.

Some old fashioned mothers used to believe that whooping cough and measles were like taxes, just had to come, and the sooner they "came and went," the better. But now mothers know different. They know that even if children should have these diseases when they grow up it goes less hard with them then, and they are more likely to recover without defects and impairments. Why, when a mother's baby has measles, if it is less than five years old, she never knows whether it is going to be left blind, deaf, lame, or with weakened heart or kidneys, for life. The safest plan is to take no chances with any of these so-called children's diseases. Children don't have to have them, and why not protect them?

Some of the things mothers can do to keep down whooping cough, measles, scarlet fever, infantile paralysis and diphtheria in their communities are, first, to suspect the disease and keep home the children having the first symptoms, such as sore throats or head colds, particularly if any contagious disease is in the community. Second, in case no physician is called to attend the child, the mother should see that the disease is reported at once to the county quarantine officer who will then tell her what to do and how to treat the case. The law requires her to do this. Third, every mother should respect the Quarantine Law. It may inconvenience her slightly but what will a few days of inconvenience mean if it saves a child's life or even if it saves him from a life long defect, like blindness which is often one of the after-effects of measles. The mother who disregards the Quarantine Law is not only an undesirable citizen to have in the community but is an enemy of little children.

The number of cases of contagious diseases in this county last month reported to me were ten:

**TYPHOID FEVER**—Mike Wall, Jr., Ellerbe; James Adams, Hamlet; Lula McIver and Sallie May Roberts, Rockingham.

**SCARLET FEVER**—Arthur Corpening and Elizabeth Nicholson, Rockingham.

**WHOOPING COUGH**—T. P. Wood, Roberdel; Elizabeth Scale, Lodonia Thomas, Rockingham. **WHOOPING COUGH**—Sarah, John, Jr., Elizabeth, Frances and Martha Everett.

J. M. MANESS,  
County Quarantine Officer.

#### Comfort Bags.

[Contributed]

Below we publish a note which was written by one of our "Soldier Boys" while here last week, and handed to a member of the Red Cross Chapter:

"Having heard since I've been in town that the Comfort Bags the Red Cross gives the boys on their departure to the camps are useless and thrown away, I will say that they are VERY useful and the boys do appreciate them; for some of the contents are used nearly every day. Those who left first only wish they could come and leave again in order to get another Comfort Bag.—[Signed] "One Who Knows."

We, the Rockingham Red Cross Chapter, have managed so far to give every boy, on leaving, a Comfort Bag. Some of our women have been kind enough to make two bags for us. The Red Cross funds for this PURPOSE have been exhausted.

This will doubtless be the last opportunity we will have of giving to some of these, OUR, boys, for well we know that many of them will never come back to us; so why begrudge and hold back this comfort from them, when THEY are sacrificing their ALL for us!

We are also soliciting donations for Christmas packages for these boys. It will be the last Christmas many of them will ever know. Won't YOU make it as cheerful as possible for them?

"And when the war is over, shall we stand With downcast eyes and empty hand? Where is your bit, was it too much to ask From you a little love, to do a lowly task? Some little self-denial, an hour given To help some suffering boy anguish riven, No little gift from your abundant pile To ease his pain or help the Soldier smile. Oh, Friend, not his the loss—but YOURS, Yours, that you should miss The blessing in a time like this."

In God's name, for the sake of suffering humanity and for the sake of a little comfort and pleasure to our boys, shall we make this plea in vain?

Send contributions, however small, to—Miss Allie Legg (Millinery Store), Miss Georgia Biggs (Manufacturers Bldg.)

Beautiful display of men's dress and driving gloves, together with a large assortment of the very best neckwear.—W. E. Harrison & Land Co.
